

## Licence fees for use of TRD, TRG, AD Merkblätter and AD 2000 Merkblätter (German pressure vessel codes of practice) in internal company networks

Permission is granted to store TRD, TRG, AD Merkblätter and AD 2000 Merkblätter (German pressure vessel codes of practice) within an internal company network upon payment of the following annual licence fees, which will be invoiced by Beuth Verlag. Licence fees depend on the number of documents and the number of workstations with access to the network. By changing these parameters the Licensor can adjust these fees. The Licensee is obligated to provide the Licensor with all relevant information (changes to the documents stored, changes to the number of workstations with access to the network) on an annual basis.

Please supply the following information and we will send you an offer:

The electronic TRD, TRG, AD Merkblätter and AD 2000 Merkblätter will be used as follows.

- at a single workstation
- in a network
- number of workstations with (simultaneous) access to network (see table below):
