

DIN EN 15339-2:2007-06 (E)

Thermal spraying - Safety requirements for thermal spraying equipment - Part 2: Gas control units

Contents	Page
Foreword	3
1 Scope	4
2 Normative references	4
3 Gas control units	5
3.1 Function	5
3.2 Design	5
4 Components within a gas control unit	6
5 Requirements	7
5.1 General	7
5.2 Local separation of gas and electric power	7
5.3 Solid piping	7
5.4 Leak test	7
6 Safety standards	7
7 National rules	8
Annex A (informative) Examples for design of gas control units	9
A.1 Simple gas control unit	9
A.2 Gas control-/closed loop control with integrated HMI	10
A.3 Gas control-/closed loop control with separate HMI	10
A.4 Pressurized enclosures	11
A.4.1 General	11
A.4.2 Pressure control	11
A.4.3 Ventilation	12
