

DIN 488-3:2009-08 (E)

Reinforcing steels - Reinforcing steel in coils, steel wire

Contents	Page
Foreword	3
1 Scope	4
2 Normative references	4
3 Terms and definitions	4
4 Symbols	4
5 Designation and ordering	5
5.1 Standard designation	5
5.1.1 Reinforcing steel coils	5
5.1.2 Reinforcing wire	5
5.2 Ordering	5
5.2.1 Reinforcing steel coils	5
5.2.2 Reinforcing wire	5
6 Steel grade classification and product forms	5
7 Requirements	6
7.1 Manufacturing processes	6
7.2 Nominal diameters, nominal cross-sectional areas and nominal masses	6
7.3 Properties	7
7.3.1 General	7
7.3.2 Properties determined in the tensile test	7
7.3.3 Properties determined in the fatigue test	7
7.3.4 Bend performance	7
7.3.5 Deviation from the nominal cross-sectional area	7
7.3.6 Weldability	7
7.3.7 Surface geometry	7
8 Identification of the products	14
9 Proof of conformity	14
