

Request for quote on licence fee for technical rule collections published outside Germany

Permission is granted to store documents published outside Germany within an internal company network upon payment of an annual licence fee, which will be invoiced by Beuth Verlag. Licence fees depend on several criteria. By changing these parameters the Licensor can adjust these fees. The Licensee is obligated to provide the Licensor with all relevant information on an annual basis.

Please provide us with the following information and we will send you an offer. The table below lists the information we need for each collection of technical rules.

User information Collection	Address of each site	Number of documents	Document numbers	Number of employees	Number of users	Number of simultaneous users
ABNT standards		●		●		
AENOR standards	●		●		●	●
